

CORV • ANT

Engineered trust for the connected enterprise.

CONTRACTING • LOW-CURRENT • ENTERPRISE IT

المقاولات • التيار الخفيف • تقنية المعلومات للمؤسسات

— ABOUT THE COMPANY

A quiet standard for integrated technical delivery across Egypt and the region.

WHO WE ARE

CORVANT is an Egyptian engineering and technical-supply house that designs, delivers and services large-scale **low-current systems, IT infrastructure** and **general contracting works** for government, commercial and industrial clients.

From surveillance and access control to enterprise servers, structured cabling and full building fit-outs — we act as a single accountable partner from design through commissioning and long-term maintenance.

من نحن

شركة كورفانت بيت هندسي وتوريدات فنية مصري متخصص في تصميم وتنفيذ وصيانة أنظمة التيار الخفيف والبنية التحتية لتقنية المعلومات وأعمال المقاولات العامة للجهات الحكومية والتجارية والصناعية.

من كاميرات المراقبة وأنظمة التحكم بالوصول إلى الخوادم المؤسسية والكابلات المهيكلية والتشطيبات المتكاملة — نعمل شريكاً واحداً مسؤولاً من التصميم حتى التشغيل والصيانة طويلة الأمد.

TURN-KEY DELIVERY

رؤيتنا ورسالتنا · VISION & MISSION

01 / VISION

To be the technical partner Egyptian institutions call when the project cannot fail.

Delivered with the discipline of engineering and the polish of a luxury brand — **on time, on spec, on record.**

02 / الرؤية

أن نكون الشريك الفني الذي تلجأ إليه المؤسسات المصرية حين لا يحتمل المشروع الخطأ.

بأنضباط الهندسة، وأناقة العلامات الراقية — في الموعد، وفق المواصفة، بسجل موثق.

03 / MISSION

To design, supply, install and maintain integrated low-current, IT and contracting systems that operate silently for decades — engineered around the specific risk profile of every client.

- Single accountable point of delivery
- Certified engineers & authorized brand partnerships
- Documented commissioning & SLA-based maintenance

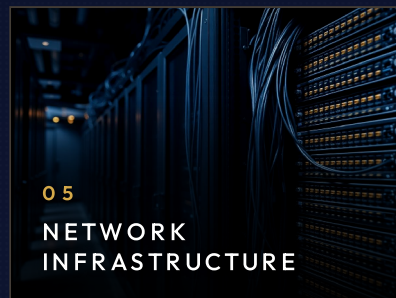

04 / الرسالة

تصميم وتوريد وتركيب وصيانة أنظمة تيار خفيف وتقنية معلومات ومقاولات متكاملة تعمل بصمت لعقود — مصممة حول ملف المخاطر الفعلي لكل عميل.

- نقطة تسليم واحدة مسؤولة
- مهندسون معتمدون وشراكات رسمية مع البراندات
- تشغيل موثق وصيانة باتفاقيات مستوى خدمة

— CORE SERVICES · خدماتنا

One partner. Every discipline the modern facility needs.

— LOW-CURRENT SYSTEMS • أنظمة التيار الخفيف

Security, life-safety and connectivity — engineered as one system.

Our low-current practice covers the full stack — from site survey and single-line design through cable trays, terminations, programming and 24/7 monitoring integration.

- IP CCTV & AI video analytics (Hikvision, Dahua, Axis, Hanwha)
- NVR / DVR & Video Management Systems (VMS)
- Access control, biometrics & time-attendance (ZKTeco, Suprema, HID)
- Entrance control — turnstiles, boom barriers, bollards
- Addressable fire alarm systems & gas detection
- Intrusion detection & perimeter security
- Public address, intercom & nurse-call systems
- X-ray, walk-through and hand-held screening
- Structured cabling — Cat6A / Cat7 / Fiber (OM4, OS2)
- كاميرات IP وتحليلات فيديو بالذكاء الاصطناعي
- مسجلات NVR/DVR وأنظمة إدارة الفيديو VMS
- التحكم بالوصول والبصمة والحضور والانصراف
- أنظمة المداخل — بوابات دوارة وحواجز وبولاردز
- أنظمة إنذار الحريق العنوية وكواشف الغاز
- كشف التسلل وأنظمة تأمين المحيط
- أنظمة النداء العام والإنتركم واستدعاء التمريض
- أجهزة تفتيش الأشعة السينية والبوابات المعدنية
- الكابلات المهيكلة Cat6A/Cat7 وألياف OM4/OS2

— ENTERPRISE IT • تقنية المعلومات

Servers, networks and endpoints — specified, supplied, integrated.

DATACENTER & NETWORKING

- Rack & blade servers (Dell PowerEdge, HPE ProLiant, Lenovo ThinkSystem)
- Enterprise storage & NAS (Synology, QNAP, Dell PowerVault)
- Enterprise switching & Wi-Fi 6/7 (Cisco, Aruba HPE, Ubiquiti)
- Next-gen firewalls (Fortinet, Cisco, Sophos)
- UPS & power distribution (APC, Eaton, Vertiv)
- Rack cabinets, PDUs & environmental monitoring

ENDPOINTS & PERIPHERALS

- Business & workstation laptops (Dell, HP, Lenovo, Apple)
- Desktop PCs, mini-PCs & all-in-ones
- 4K monitors, interactive displays & video walls
- Laser, inkjet, MFP, label & production printers
- Barcode scanners, POS systems & kiosks

— PRODUCT CATALOG · فئات المنتجات

Thirteen categories. One curated catalog.

Every item in our public catalog is a real, market-available model backed by an authorized channel — cross-referenced by part number, brand and technical fit for the project at hand.

— AUTHORIZED PARTNERS · شركائنا الرسميون

Working with the brands your specifications actually require.

CORVANT is aligned with the world's leading manufacturers across surveillance, access control, life-safety, networking, servers and endpoint hardware — with authorized-channel supply and full warranty backing.

HIKVISION	DAHUA	AXIS	HANWHA
UNIVIEW	ZKTECO	SUPREMA	HID GLOBAL
BOSCH	HONEYWELL	NOTIFIER	CISCO
ARUBA HPE	FORTINET	UBIQUITI	MIKROTIK
DELL	HPE	LENOVO	APPLE
MICROSOFT	SAMSUNG	LG	APC BY SCHNEIDER
EATON	VERTIV	CANON	HP
EPSON	BROTHER	XEROX	KYOCERA

Brand names shown are trademarks of their respective owners. CORVANT sources through authorized distributors and, where applicable, direct channel programs.

— INDUSTRIES WE SERVE • القطاعات

Different rules for every environment.

01

Government & Public

Ministries, security agencies and public-sector infrastructure with strict compliance requirements.

02

Banking & Finance

Branch security, ATM surveillance, vaults and PCI-aligned networks.

03

Healthcare

Hospitals — clean network fabric, nurse-call and life-safety integration.

04

Industrial & Oil-Gas

Factories and yards — hardened cameras, perimeter detection and hazardous-area cabling.

05

Hospitality & Retail

Hotels and malls — guest experience, loss prevention and building services.

06

Education

Universities and schools — campus surveillance and reliable connectivity.

07

Real Estate

Gated communities, towers and mixed-use developments — turn-key low-current fit-outs.

08

Data Centers

Racks, structured cabling, precision UPS and secure access to critical rooms.

09

Logistics

Yard surveillance, RFID gate control and wide-area Wi-Fi coverage.

— WHY CORVANT · لماذا كورفانت

Four commitments that **never** negotiate.

01 / ACCOUNTABILITY

One name on the delivery note

You get a single project manager, a single BOM and a single point of escalation — from kick-off through hand-over.

02 / DOCUMENTATION

Every meter, drawing and firmware

As-built drawings, commissioning sheets, firmware inventory and warranty registration — delivered on hand-over, always.

03 / SPEED

Local stock, regional reach

Fast-moving items in-stock and a regional supply chain that shortens critical-project lead times.

04 / LIFECYCLE

Maintenance beyond hand-over

SLA-based preventive and corrective maintenance, spare-parts holding and firmware update programs.

24/7

SUPPORT COVERAGE

SLA.

RESPONSE WINDOWS

A+

DOCUMENTATION GRADE

PROJECT METHOD · منهجية التنفيذ

A rehearsed sequence — from brief to signed hand-over.

Phase 01

Discovery & Site Survey

Stakeholder briefing, risk mapping, physical survey and constraints capture.

Phase 02

Design & BOM

Single-line drawings, cable schedules, brand-neutral or brand-specific BOM with part numbers.

Phase 03

Quotation & Contracting

Transparent pricing, milestone plan, SLA definition and warranty terms.

Phase 04

Supply & Logistics

Authorized-channel procurement, staging, tagging and dispatch.

Phase 05

Installation & Commissioning

Certified engineers, containment, terminations, programming and integration tests.

Phase 06

Hand-over & SLA

As-built dossier, client training, warranty registration and maintenance activation.

— LET'S TALK · تواصل معنا

Send us the brief. We'll return a plan.

Whether you're specifying a new facility, upgrading an existing one, or issuing an RFQ — our engineering team is ready to review your requirements and respond with a documented proposal.

Request a Quotation

RFQ Portal

Submit your bill of quantities or brief through our online portal — you'll receive a structured technical response.
